Secondly, it's a really cool app overall. I know some people are skeptical about AI for various reasons, but the experience here is genuinely interesting & enjoyable. One thing that could be improved, though, is the grammar & wording in some parts of the app. For non-English speakers especially, a few phrases can be a bit confusing or stressful to read. For example, lines like "Aethelgarden's unity Fern," "A silver-veined Fern," or "infinite fractal patterns"
